## ABOUT ME

A adaptable Computer Science student I am an innovative and highly motivated computer science student with hands-on experience in web development, networking, and system administration. I excel at troubleshooting both hardware and software issues while leveraging large language models (LLMs) to enhance creativity and efficiency. With a passion for technology, I am eager to contribute to a dynamic team environment and learn from industry experts. I am fluent in four languages.

### Education

- **Bachelor of Computer Application (BCA)**

REVA University | 2021 - 2024

- **Professional Certification in IT Hardware and Networking**

IANT - Institute of Advance Network Technology | 2018 - 2019

With a strong foundation in web development, including experience in **HTML, CSS, JavaScript, and backend technologies**, I am confident that I can contribute to your team.

My recent project, **Nexus StartPage**, which was selected for the Smart India Hackathon 2023, demonstrates my ability to deliver user-centric solutions that enhance engagement and streamline information access.

### Certifications

- **Star Cyber Secure User**

STAR Certification | 2021 - 2024

- **Star Ethical Hacking Expert**

STAR Certification | 2021 - 2024

- **RHSA - Red Hat System Administrator**

Red Hat | 2020 - 2023

- **Network+**

CompTIA | 2020 - 2023

- **IT Fundamentals**

CompTIA | 2019

- **Building Your Leadership Skills**

HEC Paris (Online Course) | 2023

In addition to my technical skills, I have launched two new projects:

- **MyEmergency Webpage:** Emergency Health Webpage - A health-focused emergency webpage I personally developed. this can be accessed by [my medical ID](#) Via QR-code

- **React-based Portfolio:** React-based Terminal Portfolio - A terminal-like portfolio built using React.

Both projects showcase my problem-solving skills, creativity, and technical expertise in web development.

I am available to join immediately and would welcome the opportunity to discuss how my background and skills can contribute to the success of your projects.

### Technical Skills

- **Development**

HTML5, CSS3, JavaScript, React, VS Code, Xcode, Git Version Control, AWS (S3) Cloud Services

- **Systems**

VMware, VirtualBox, Windows, Linux, macOS, Network Configuration, System Administration

- **Creative & Design Tools**

Adobe Creative Suite, Final Cut Pro & DaVinci Resolve, Video Editing, Graphic Design, Web UI/UX Design
